Corporate Affairs & Communications Operations Manager (m/f/d)

Job ID: 102086 / Location: Berlin / Contract type: Permanent

We are looking for a **Corporate Affairs & Communications Operations Manager (m/f/d)** to join our dynamic Corporate Affairs & Communications (CA&C) team in Berlin.

In this role, you will report to the Corporate Affairs & Communications Operations Lead Manager based in Cologne and work closely with cross-functional teams in Berlin, Cologne and Trier as well as international colleagues to support strategic initiatives and stakeholder engagement.

Your tasks – exciting and diverse:

- **Regulatory Monitoring and Engagement – Reduced Risk Products:** Track and analyze legislative, regulatory, and taxation developments related to Reduced Risk Products (RRPs), including heated tobacco, nicotine pouches, e-cigarettes, and emerging nicotine delivery systems. Collaborate with CA&C and other departments to assess the impact of these developments on JTI's business and the broader tobacco industry.
- **Corporate Affairs Support in Berlin:** Build and maintain relationships with key stakeholders in national and regional government bodies and support engagement in industry issues such as taxation, regulation and sustainability. Support the development and execution of government relations, media engagement, and corporate event strategies to foster constructive dialogue with stakeholders.
- **Media Relations:** Plan and execute media relations activities in coordination with the Corporate Communications Manager. Build relationships with trade and news media by responding to their inquiries in a timely and professional manner, ensuring consistent messaging and brand representation.

Your talent – communication and organization:

- University degree in social, economic, environmental, or political sciences, or a related field.
- Minimum of 5 years of professional experience in politics, public administration, regulatory affairs, corporate communications, journalism, PR, or agency work.
- Native-level German and excellent English proficiency (written and spoken).
- Proactive, independent, and solution-oriented mindset combined with can-do attitude
- Strong communication and interpersonal skills
- Service-oriented and results-driven approach
- Proficiency in MS Office (Outlook, Excel, Word, PowerPoint); experience with SAP and Canva is a plus

Your benefits – evidently appealing:

- The freedom to be yourself: We believe in the success of diverse teams and stand for a working environment in which you can be who you are, because with us, people are the center of attention
- The flexibility to shape your working hours and location: We build on flexible working time models, including mobile office
- Your well-being is our priority: In addition to external cooperations, we offer extensive opportunities for the right work-life balance
- A varied and responsible job with one of the largest employers in the tobacco industry
- A family-like corporate culture combined with the development opportunities of an international group of companies
- A management that stands for an appreciative and integrative style of leadership
- Home office equipment, laptop, and company mobile phone
- Attractive remuneration

Diversity & Inclusion

We want everyone at JTI to be themselves and develop their full potential, because each and every one of us makes a valuable contribution to the success of the company and the location in Germany. We live and promote diversity, equality and inclusion accordingly. We have local employee groups and networks, such as the PRIDE Chapter Germany or the togetHER network for female employees, in which committed colleagues are involved, and we support a wide range of projects in our local area. For this and many other activities in the area of diversity & inclusion, we have already been awarded the Global Equality Standard by Ernst & Young.

Sustainability & Commitment

We have particularly close ties to the Trier region and the greater Cologne area through our two locations and want to make a significant contribution to a high quality of life, e.g., through annual clean-up campaigns on the Rhine and Moselle and as a long-standing partner of the Cologne Green Foundation, we are committed to the preservation and expansion of the city's green spaces. Renewable energies are also part of our sustainability goals, which is why we are investing in the expansion of the Bescheid Süd wind farm, located 20 kilometers east of our Trier site, in order to secure green electricity for the region and for our production at the Trier plant. We are constantly reducing the amount of plastic used in the packaging of our classic tobacco products, thus saving tons of plastic waste.
